 - COMMUNAL EFFORT**
We value creative cooperation & collaboration and practice innovative art & methods of communication.
 - CIVIC RESPONSIBILITY**
We value civil society. We assume responsibility for our actions, communicate civic responsibilities to others, and practice them in accordance with applicable laws.
 - LEAVE NO TRACE**
We respect the environment. We commit to leave no physical trace of our activities. We leave places better than we found them.
 - PARTICIPATION**
Everyone is invited to work. Everyone is invited to play. Participation occurs through deeply personal participation. We achieve through doing.
 - IMMEDIACY**
Immediate experience is the touchstone value in our culture. We do not defer to the future. We participate in society & contact a natural world exceeding human praxis through this experience.
